

## A30 & A30HP "Rockmaster" Pumps

### Trailer Mounted Concrete Pumps

#### "Rockmaster":

Premium pump in its class, built with the same leading edge engineering as our top-of-the-line pumps. The **Rockmaster** delivers outstanding long term value for the money by virtue of its reliability, toughness, ease of use, durability and pumping power.

The **Rockmaster** is powered by a 82 hp (61 kW) continuous duty diesel engine. This best-in-class power is the basis for the pump's versatility. It can be used to pump rough concrete mixes as well as shotcrete. (A30HP recommended for higher pressure applications).

The A30 features an "Open-Loop" hydraulic system, a large fuel tank, and **REED's** Can-Bus Solid State Cycle Control.

#### Standard Features:

- Powerful 82 hp (61 kW) diesel engine (continuous duty)
- Variable Displacement Piston Pump (A30HP only)
- Gear Pump (A30 only)
- Heavy-duty "S" Valve
- Lightweight (4460 lbs / 2023 kg)
- **REED** Can-Bus Solid State Electric System
- Chromed concrete cylinders for long service life
- Easy to change Piston Cups
- High-strength frame design
- Only 4 hydraulic hose groups (8 hoses total)
- Adjustable tongue jack
- Fuel Filters (Pre-filter with water separator and spin off primary filter)

#### Applications:

- **Big Rock**
- **Grout**
- **Pea Gravel**
- **Shotcrete**
- **Slope Stabilization**
- **Ponds & Spas**
- **Slabs**
- **Rockscaping**
- **Mines**
- **Backfill**
- **Foundations**
- **Pressure Grouting**
